BIOGRAPHY

Filmmaker, performer, and visual artist Berny Hi is endlessly fascinated by nature and aspects of the human experience: beauty, sensation, and our unique perception of time and space.

Through Artist's Residencies with Saskatchewan organizations and schools, Berny aspires to support unheard voices through creative, collaborative adventures and manual, hands-on processes.

Never bored, Berny is a founding member of two artist-run non-profits: The Prairie Puppet Underground, creating and exhibiting visionary puppetry, and The Cabinet Collective, an umbrella organization dedicated to city-wide festivals that cross-pollinate multiple art disciplines through a common theme. He finds that there is simply not enough time in a day.

Saskatchewan Filmpool Cooperative **Artist-in-Residence** summer 2014 - winter 2015

- Developed the year-long creative adventure for community partners, *Expanded Cinema*
- Led and facilitated the creation of a vertical film with over 30 filmmakers, coming together to develop the cinematic language for working within a vertical frame: *The Great Saskatchewan Timelapse* is the story of the past few hundred million years on this little plot of land, told with the help of heritage and scientific resources and through the use of workshops and collaborative art making.
- Dissemination in process: the forty-minute collaborative vertical film is to be screened throughout the province by projecting on a custom-made free-standing structure in the shape of Saskatchewan. This is to be played on loop in galleries and museums, and brought to rural districts through the use of grain elevators as projection surface for a large, public, drive-in/bike-in.

Saskatchewan Filmpool Cooperative **Production Coordinator** spring 2008 - summer 2014

- Managed and maintained filmmaking equipment, production, and post-production facilities for membership of often over 125 independent artists and art institutes
- Led and facilitated workshops, including Basic Filmmaking, Theory of Filmmaking, Film Retreat & 48 Hour Filmmaking Frenzy [16mm hand-processing], Youth Film Camp, Adobe Premiere/Encore/Photoshop, Final Cut Pro, Pro Tools, Grant Writing, Arri SR ii, Blackmagic Production 4K workflow, and Panasonic HVX200 [Super 16mm, 4K, and HD respectively], green screen shooting and compositing, and linear editing on Steenbecks.
- Coordinated and facilitated screenings using a variety of screening formats
- Facilitated grant deliberations [for applying members]
